## Call for Tender

### A Fact Finding Mission

**In Republic of Moldova and border regions to EU in the frame of the EU-funded (Public Health Programme) project BORDERNETwork n° 20091202,**

**Area of Cooperation Interdisciplinary cross-border networking (Work Package 4)**

#### **I. General Objective of the Fact Finding Mission**

**To sort out gaps in and between the core strands HIV/AIDS/STI prevention, diagnostic and therapy in border areas between EU and ENP country, Republic of Moldova.**

For the purpose of the assessment along the external EU border the BORDERNETwork project coordinated by SPI Forschung envisages subcontracting suitable organisation to conduct a *Fact Finding Mission*. In order to take advantage of the existing local expertise by the fulfilment of the task the project will involve subcontractors in the ENP country Moldova.

This fact finding mission will take place outside of EU, but will implement the requirements of EU bearing direct benefit to EU citizens and will implement the methodology and instruments developed by the co-ordinator SPI Forschung responsible for the conducting of the tender and the selection of subcontractors.

#### **II. Specific objective: Interdisciplinary networking**

**To scale up the implementation of highly active prevention through boosting network cooperation on national, model regional and cross-border level in CEE and SEE in a three-year period.**

Involving civil society, public health and health care services in interdisciplinary networks the aim is to advance combination prevention, to coordinate bilateral health targets and assure their political and practical implementation in 5 EU model regions and in border areas to ENP countries.

Main focus of the fact finding mission will be on information on particularities of local epidemiological situation (e.g. HIV/AIDS/STI, HIV Co-infections, Tuberculosis) and patterns of risk related to social determinants of various vulnerable groups, e.g. young people at risk, mobile groups, representatives of most at risk groups (IDUs, Sex workers, ethnic minority/migrant groups), PLHIV. At same time the scope and barriers of the available prevention measures will be assessed. This will raise understanding about shortcomings of the measures undertaken so far and will study closer the needs related to prevention, medical and social offers, universal access to treatment, care and support for the affected communities

### **III. Subject of Tender**

Preparation, conduct and report on Fact-finding mission on situation of PLHIV and young mobile people in the EU-border areas Romania – Moldova with regard to HIV prevention, community involvement, universal access to treatment, care and support, including social determinants and patterns of cross-border mobility.

Target groups to be addressed in the frame of the Fact Finding Mission:

- Mobile Young People (migrants or frequent travellers) and young people who come from immigrant families (having a parent or two parents working/travelling abroad);
- Special focus will be put also on young women, working abroad, assessing the risk of trafficking in women.
- Additional focus will be on young PLHIV and their access to prevention, treatment and social assistance

Thematic priorities:

- Patterns of mobility;
- Access to services for HIV/STI prevention/HIV treatment, counselling and testing, sexual and reproductive health;
- Behaviour related to prevention of risks and risk-exposure;
- Needs related to information and skills for protection

Geographical scope:

Several regions in Republic of Moldova with EU-border areas to Romania

### **IV. Tasks to be fulfilled**

#### **1.1. Desk review**

- Review and systematic description of relevant information from background documents (reports, publications, presentations, web-sites) highlighting the particular context, incl. epidemiological situation and socio-demographic features of the most vulnerable groups and affected communities;

## **1.2. Small-scale field survey involving regional and community experts, stake-holders, target group representatives;**

- The instrument based on Rapid Assessment and Response (RAR) method will be prepared in English by the responsible for the tender SPI Forschung and delivered to the applicant for the analysis of the situation;
- Data collection in the form of individual interviews or focus group discussions. The number of interviews and/or focus groups are to be defined by the applicant as part of the application and financial plan.

## **1.3. Data analysis and report writing**

## **1.4. Submission of compiled Report on Fact Finding (long version in Russian) and summary (short version) in English to SPI Forschung**

## **1.5. Participation in expert meeting and exchange on results of “Fact Finding Missions in different ENP countries in EU- border areas in Berlin in 2010 or 2011**

Additionally experts from the ENP countries will be invited to participate in expert meetings, conferences and workshops in EU countries taking place in the frame of the relevant work packages of BORDERNETwork.

The budget for international travel is not part of this tender. SPI will cover the costs for participation in international expert workshops and meetings.

## **V. Financing**

The total budget amount for the Fact Finding Mission, including all related expenses incurred in the country is 5 000 EUR.

## **VI. Time line**

The time frame for the performance of the survey will be 3 to 6 months (between February and June 2011), including report, translation of report and submission to SPI.

## **VII. Criteria for selection of applicant:**

- Relevance to the objectives and priorities of the call and solidity of the concept;
- Required competence in relation to the required thematic area and priorities;
- Cost-efficiency

Applications, including content description and detailed financial plan should be returned to SPI Forschung GMBH only via e-mail by October 8, 2010 at latest:  
[spi@spi-research.de](mailto:spi@spi-research.de)

The applications will be reviewed and feedback sent to the applicant by October 15, 2010.
