## Lunchtime Seminar

# Quality In HIV/AIDS Youth Prevention

With presentations of:

Online Evaluation Tool

for in-depth, easy to handle evaluation and quality improvement of youth HIV/AIDS prevention and SRHR promotion projects

Best Practice Projects

from EU, CEE and SEE countries

Dance4Life

interactive, creative and fun youth prevention in action

Discussing the questions:

How can quality be measured?

How can quality be evaluated?

How can quality be transferred?

How can quality be assured?

How can quality be improved?

**BORDERNETwork** is a networking project with 13 participating organisations from 8 EU countries, and 20 collaborating partners, 4 of them from CEE and SEE countries.

**The partnership area “HIV/AIDS Youth prevention”** focuses on the evaluation and quality improvement of projects in HIV/AIDS youth prevention and sexual and reproductive health and rights promotion and the transfer of best practice models.

 Free packed lunch!

The meeting will close with a visibility event

On the occasion of the 18<sup>th</sup> International AIDS Conference  
Aids Hilfe Wien and SPI Research Berlin would like to invite you to the lunchtime seminar

## Quality In HIV/AIDS Youth Prevention

- This satellite conference starts with an overview of the BORDERNETwork networking project, funded by the EU Public Health Programme and describes in more detail the partnership area of HIV/AIDS youth prevention.
- Youth prevention practitioners from BORDERNETwork partner organisations will discuss quality and good practices in HIV/AIDS youth prevention and sexual and reproductive health and rights (SRHR) promotion.
- A panel will present the development of an online quality improvement and self-evaluation tool for youth projects in STI prevention and SRHR promotion and discuss the importance of and the ideas behind behind the new tool as well as its objectives, methods and expected results.
- Another attraction of this seminar will be a performance workshop of the dance4life crew from Serbia, showing that quality and fun can be creatively combined into edutainment. The audience can participate in this interactive and fun activity and evaluate it by applying parts of the evaluation and quality improvement tool.
- To close the seminar, we would like to stage a visibility event to send a clear message emphasizing the importance of HIV/AIDS youth prevention and showing solidarity with people affected by HIV/AIDS.

To better plan the free lunchboxes, please register by writing an email to Ms Katalin Kovacs ([kovacs@aids.at](mailto:kovacs@aids.at)). Attendance is limited to the first 120 respondents.

# Accountability and evidence-based evaluation in HIV/AIDS youth prevention and SRHR promotion

L Schmuckermair, I Eibl, *Aids Hilfe Wien*, Wien, Austria

E Steffan, T Arsova Netzelmann, C Firnges, *SPI Forschung gGmbH*, Berlin, Germany

This presentation arises from the project BORDERNETwork which has received funding from the European Union, in the framework of the Health Programme. The sole responsibility of any use that may be made of the information lies with the author (SPI Research gGmbH)

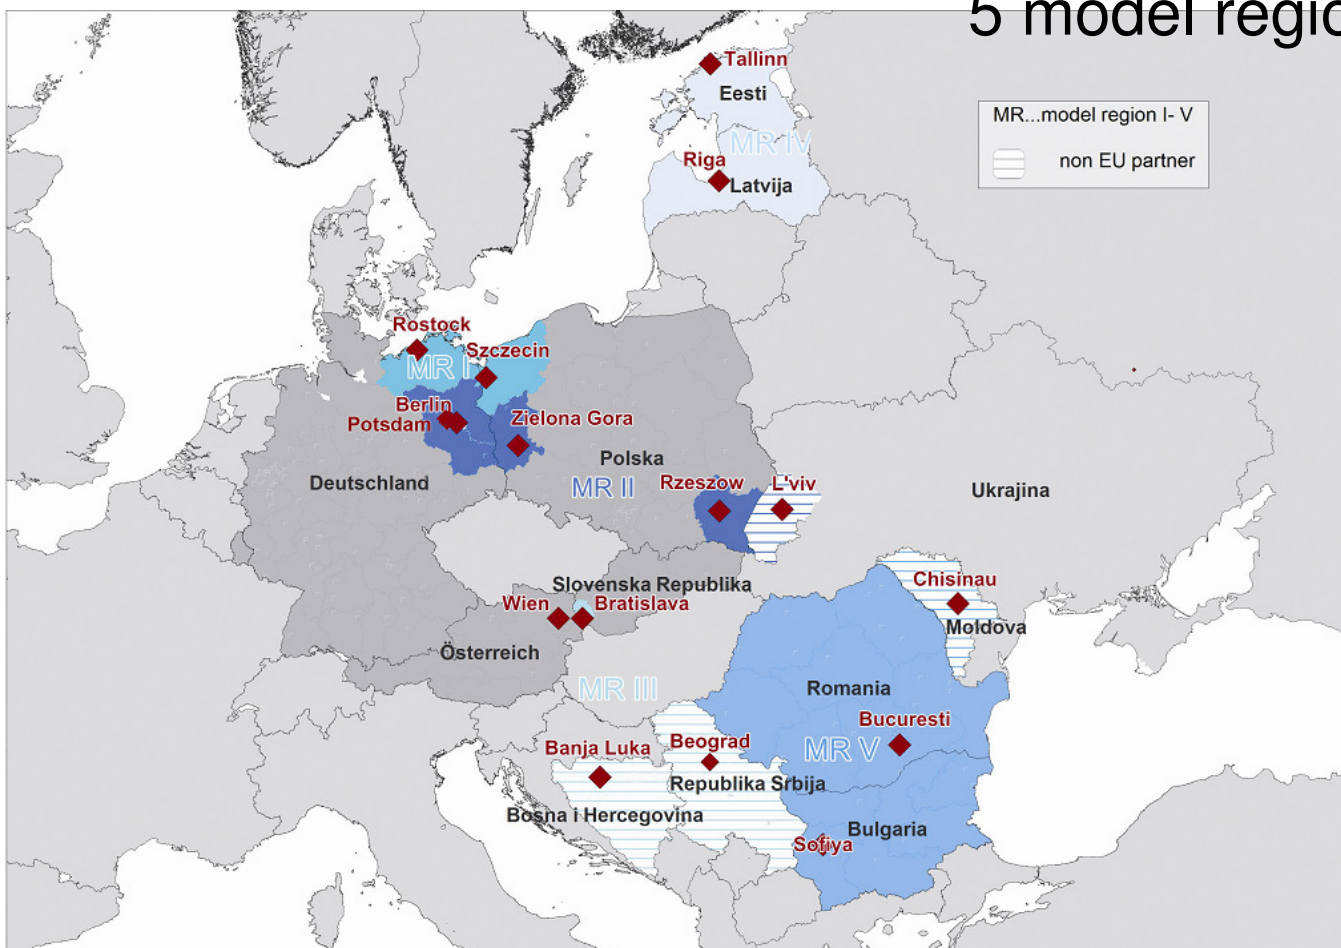

# BORDERNETwork (2010-2012)

- Funded by EU Public Health Programme, co-financed by German Ministry of Health
- Aim: Scale up HIV/AIDS/STI prevention, diagnostic and therapy through:
  - Interdisciplinary;
  - Cross-border
  - Networking in CEE and SEE countries.
- 5 cross- border model regions – 13 partners from 8 EU countries, 6 of them CEE countries and experts from 5 NON-EU countries

# BORDERNETwork (2010-2012)

5 model regions

# BORDERNETwork (2010-2012)

- Covering topics
  - Interdisciplinary networking
  - Research on HIV/STI prevalence and risks among selected vulnerable groups
  - Access to early HIV/STI diagnostic for vulnerable groups
  - Referral, Management and treatment of HIV and co-infections (Hepatitis C, TB)
  - Participatory approaches in community based prevention for ethnic/migrant groups
  - Quality improvement and evaluation in youth prevention

## Accountability and Evidence-based Evaluation in Youth Prevention

- Partnership Area Youth Prevention
  - Evaluation, quality assurance and improvement of projects in HIV/AIDS/STI youth prevention and sexual and reproductive health and rights promotion
  - 16 organisations from 6 EU and 4 NON-EU countries
- Goals
  - Development of an online self evaluation and quality improvement tool
  - Transfer of good practice models of AIDS prevention and SRHR promotion projects targeted at young people.

# Project Milestones (completed)

- *Rapid assessment and response survey*
  - Overview of youth prevention projects by the participating organisations
  - Best practice models in different settings (school, outreach,...) using different methods (creative, interactive,...)
- *Expert meeting I*
  - *Quality standards and guidelines:* Experts from partner organisations, collaborating partners and from Non-EU countries discussed quality in youth prevention and how it is implemented
  - *Participatory development of the online tool:* Built on “Planning & Support Tool” by WPF and STOP AIDS NOW!

# Project milestones (ahead)

- *Trial period I*
  - Tool applied by partners in ensuing trial period. Continuous participatory development and improvement of the tool
- *Expert meeting II*
  - Presentation and discussion of online tool
- *Pilot application period*
  - Online Tool applied by partners in ensuing trial period
  - Continuous feedback and improvements
- *Dissemination*
  - Freely accessible on www, (freeware?)
  - Clearing House of [aidsactioneurope.org](http://aidsactioneurope.org)

# QUIET

## Quality Improvement and Evaluation Tool

### *Fundamental ideas and philosophy*

- Youth prevention is different: mix of fun, seriousness, events, flexibility,...
- Continuous evaluation, adaptation or new designs of youth projects essential
- Participative development of the tool
  - team of prevention practitioners and evaluation experts
  - all partners of BORDERNETwork participated in the process of adapting the WPF and STOP AIDS NOW! planning and support tool
  - small group discussions, review of PST items and response options
  - Adaptation process included assessment of content, approach, applicability and handling of the tool regarding different types of youth prevention measures and the situation in the respective EU, CEE and SEE countries.

# QUIET

## Quality Improvement and Evaluation Tool

### *Fundamental ideas and philosophy*

- By practitioners for practitioners and meeting theorists' standards
- Self-evaluation as effective evaluation („Difficult to lie to yourself“)
- Crossborder cooperation, transfer of knowledge and development of effective prevention

# QUIET

## Quality Improvement and Evaluation Tool

- *Objective*
  - Encouraging in-depth quality assessment, assurance and improvement of youth projects in the field of SRHR promotion and HIV/AIDS/STI prevention
- *Tool applications*
  - Assistance in the phase of planning and designing a project (like “Planning & Support Tool” by WPF and STOP AIDS NOW!)
  - Quality assurance and improvement of projects
  - Rapid self-evaluation of projects
  
  - User friendly and easily applicable
  - Accessible over the internet
  - Electronic data evaluation and reporting

# QUIET

## Quality Improvement and Evaluation Tool

- *3 Step Principle*
  - Step 1: Document the process
  - Step 2: Self-evaluate
  - Step 3: Comments and suggestions for improvement

1. → Are people with relevant expertise in the project team?  
Before planning a new project, a project team should be formed which includes skills, knowledge and expertise to carry it out.

Please note down (in keywords) how relevant expertise is present in your team.

This expertise is represented in the planning team	Excellent	Fair	Needs improvement	Not at all	Not Applicable
Project management	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
