**AIDS-HILFE POTSDAM ARE PRESENTING**

### **A 3-DAY MEDICAL TRAINING WORKSHOP AND EXCHANGE VISIT ON HIV AND HEPATITIS B/C COINFECTIONS**

Date: 27<sup>th</sup> to 29<sup>th</sup> June 2011  
Place: Potsdam, Germany  
Coordination: AIDS-Hilfe Potsdam e.V.  
Contact: Kastanienallee 27 - 14471 Potsdam  
Mail: [al@aidshilfe-potsdam.de](mailto:al@aidshilfe-potsdam.de)  
Topic: A medical training workshop and exchange visit on HIV and Hepatitis B/C co infections in Potsdam. This workshop is part of work package 7: Referreal, management, treatment and care of HIV and co-infections.

In the end of 2010 we conducted a small survey on the country specific medical conditions on HIV and co infections, we suggested you to fill out. Now we created an overview and would like to meet you for presenting the results and to develop together country specific training materials that can be used.

It seems to be a great opportunity for an informal get-together; to meet other *experts*, and to exchange experiences.

This seminar arises from the project BORDERNETwork which has received funding from the European Union, in the framework of the Health Programme.

The sole responsibility of any use that may be made of the information lies with the authors (SPI, AIDS-Hilfe Potsdam e.V.)
